**How we will calculate your balance:** We use a method called "average daily balance (including new purchases)."

Except as provided above in Paying Interest, purchases and balance transfers begin to accrue interest from the date of the transaction or, at our option, from the date they are posted to the account.

\*We calculate variable APRs by adding a margin of 5.49%, 9.49% or 12.49% to the highest U.S. Prime Rate published in the Money Rates section of The Wall Street Journal on the last business day of the calendar month preceding the first day of the billing cycle. The APR is subject to a minimum and will never be less than 10.99%.

**IMPORTANT INFORMATION ABOUT PROCEDURES FOR OPENING A NEW ACCOUNT:** To help the government fight the funding of terrorism and money laundering activities, Federal laws require all financial institutions to obtain, verify, and record information that identifies each person who opens an account. What this means to you: When you open an account, we will ask for your name, address, date of birth, and other information that will allow us to identify you. We may also ask to see your driver's license or other identifying documents.
